Press Release

As part of Mois de la Photo, the Joan Font and Intervalle galleries are joining forces to present **Anatomy of Being**, a group exhibition bringing together eighteen international artists, five of whom are represented by the Intervalle gallery: Marianne Maric, Lucas Leffler, Julien Mauve, Julien Mignot, and Jean-Vincent Simonet.

The result of a crossover between the two galleries' lines, **Anatomy of Being** explores contemporary photography as a living material rather than a simple tool for representation. The artists work with the medium as raw material, revealing its physical, material, and conceptual potentialities.
